

Campus Station—WNTC Resumes Broadcasts; Record Library Enlarged

The initial broadcast of WNTC was presented on Monday, September 22, 1952. The old favorites such as "Campus Jamboree" and "Requestfully Yours" will again head the list of programs. Also tentatively scheduled is the Saturday night favorite "Ten 'Till When?"

This year, the station's equipment is better than ever, and the staff hopes that the entertainment will be of a standard never before met. The record library has seen a large increase in records of the Capitol label. New artists have also been added to our library. There is also a plan to institute more and varied live talent.

At a general meeting on Wednesday evening of this week, there was a discussion of plans and the officers for this coming season were introduced. They are:

Station mgr., Rocky Roberts; program mgr., Robert Menne; business mgr., Lou Schoonmaker; asst. station mgr., Sally Cavanaugh; secretary, Betty Walsoe; di-

rector of record librarians, Joan Kirnie; and director of announcers, Selig Brooks.

The station is owned and operated by the students of Clarkson College and State University Teachers College, Potsdam, and is an affiliate of the Inter-Collegiate Broadcasting System.

If there is anyone who missed the general meeting and is interested in working on the staff, WNTC would be happy to see them. No previous experience is needed. Every one is welcome to come in and look around at any time. The facilities are there for the students of both colleges to share.
